

# Forensics & Litigation Accounting Services

## EXPERTISE

As the legal issues of today begin to get more complex, businesses and individuals alike often require the support of knowledgeable litigation and forensic accounting advisors. The consultants at Harper & Pearson Company, P.C. possess seasoned expertise in a vast range of tax, financial and accounting matters as they relate to investigation and forensics. Each member of our forensics and litigation services team is detail-oriented and demonstrates a strong commitment to quality that provides successful solutions for our clients, while satisfying the time-sensitive requirements of attorneys. Our high degree of specialization and depth of resources have provided our clients with proven value in legal disputes.

The trusted advisors at Harper & Pearson present attorneys and their clients with carefully documented comprehensive analyses to best offer rigorous support in conjunction with expert witness testimony. Our litigation services professionals have been designated as expert witness in both federal and state courts and before various regulatory bodies.
