

Harper & Pearson Company, P.C., serving nonprofit organizations

Harper & Pearson Company, P.C. has an established reputation for providing cost-effective audit, tax and consulting services to nonprofit and governmental organizations. We earned this through our understanding of the operating environment, the budgetary systems under which nonprofit and governmental organizations must operate, and most importantly, by being responsive and accessible to our clients.

We remain focused on the importance of building enduring relationships.

With a professional staff of more than 70, we have a variety of experience and expertise to assign to our nonprofit clients, including the education necessary to conduct Single Audits under governmental auditing standards. Dedicated to our clients, we participate in the AICPA as well as local, industry-specific courses and continuing education to further this collective knowledge and bring value to our nonprofit clients in the following areas:

- Financial Statement Audits
- Yellow Book/Single Audits
- Tax Return Preparation
- Presentations to Board and Management
- Budgeting
- Internal Control Assessments
- Entity Risk Assessments
- Board and Organizational Consulting

Currently, we provide services for the following types of nonprofit organizations:

- Voluntary Health & Welfare Organizations
- Foundations
- Member Organizations
- Churches
- Schools
- Museums

For more information about our nonprofit services, please contact Tonja Rodriguez at 713.579.2347.

HARPER & PEARSON
COMPANY, P.C. CERTIFIED PUBLIC ACCOUNTANTS

You count.

Since 1962, Harper & Pearson Company, P.C. has experienced tremendous growth but remains true to its original vision of providing quality accounting and consulting services while maintaining integrity and objectivity.

While there are many shared characteristics among all nonprofit and governmental entities, Harper & Pearson Company, P.C. recognizes the unique aspects of your organization. Our growth has been a reflection of our response to client needs and their satisfaction.

Now one of the largest full-service accounting and consulting firms in Houston, Harper & Pearson Company, P.C. has more than 60 clients in the nonprofit sector. We are large enough to meet the complex needs of nonprofit organizations with assets in excess of \$200 million, yet remain focused on the importance of building enduring relationships so that we never compromise the personalized experience for our clients at the smaller end of the scale.

“When we first started out, we relied on the donated services of our founding company. As we’ve grown to a national level, we needed to establish internal resources to run our business. Harper & Pearson Company, P.C. has been instrumental—not only in setting up our systems, but they have remained accessible throughout the process and really worked with our staff to bring them up to speed and instill confidence as we have taken ownership of our accounting practices.”

Karen Kovach, Executive Director
Fund for Teachers

“The Greater Houston Community Foundation has had a longstanding relationship with Harper & Pearson Company, P.C. They are innovators who always seem to bring a new idea or technology to the table to help us accomplish our audits more efficiently. Over the years, they have been a trusted partner and have bridged the gap, as an intellectual source of accounting information, while we have transitioned new employees.”

Ed Padar, Controller
Greater Houston Community Foundation

“Harper & Pearson Company, P.C. is our accounting firm of choice because their commitment to our organization is both professional and personal. They have always done what they have said they were going to do and much more—at our annual gala their staff made personal contributions and they provided hands-on support as they marched in with computers and volunteers to expediently process our silent auction. They continue to meet and exceed our expectations and we’re thankful for their support.”

John Mills, Vice President of Finance
Star of Hope

“Harper & Pearson Company, P.C.’s team of auditors traveled to Mongolia to work side by side with us in Darkhan, offering an incredible blessing of knowledge and guidance. We have been very impressed with their professional and very personal service to us—we consider them more than just our accounting and audit firm, they are friends who understand our ministry from first-hand observation in Mongolia and the United States.”

Jerry Smith, President
CTW Ministries – LifeQwest Mongolia
