

BETTER UNDERSTANDING LEADS TO BIGGER IMPACT FOR **NOT-FOR-PROFITS**

Harper Pearson can help shine a light on the unique and intricate aspects of accounting and financial reporting to help not-for-profits do more.

At Harper Pearson, our team of tenured professionals have helped over 100 not-for-profit organizations do more with what they have. We take great pride in our ability to understand the unique and complex policies surrounding your not-for-profit, and our team is well versed in helping organizations with everything from 501(c) and grant compliance to single audits and fiduciary responsibilities.

AN ABUNDANCE OF EXPERIENCE **WITH NOT-FOR-PROFITS**

Often in order for not-for-profit organizations to make the biggest impact, a profound understanding of the ever-changing environment is required. Whether you're a tax-exempt organization, government agency or private foundation, our in-depth knowledge can illuminate the complex environment under which not-for-profits must operate.

PERFORM AUDITS AND ASSURANCE SERVICES

We understand the accounting methods used by not-for-profit organizations. From donor restrictions and net assets to fundraising and the statement of functional expenses, we know how to test and verify information efficiently.

STRATEGIC CONSULTING

When it comes to not-for-profit organizations, Harper Pearson has an array of best practices for everything from reporting and internal controls to budgeting and other operational matters.

NAVIGATE TAX LAWS

From appropriate deductions against unrelated business income to proper donor acknowledgments, the team at Harper Pearson helps clients understand all of the filing requirements for not-for-profits as well as their donors.

OUTSOURCED ACCOUNTING

Whether you're looking for single-task support, or in need of a more comprehensive accounting partnership, Harper Pearson can provide scalable support through our outsourced accounting solutions for your not-for-profit so you can focus on the important work at hand.
