

## COMPREHENSIVE SERVICE IN **WHOLESALE AND DISTRIBUTION**

**Companies in wholesale and distribution depend on Harper Pearson for professional insights and solutions to drive successful results.**

From industrial materials to restaurant supplies, wholesale and distribution makes up \$5.3T of the global economy — streamlining the flow of goods and helping buyers and suppliers live up to commitments. As a part of that industry, you deserve excellence in accounting systems and practices to remain competitive.

# TRUSTED GUIDANCE THROUGHOUT YOUR INDUSTRY

Harper Pearson brings strong tax guidance and mission-critical business advice that goes beyond the balance sheet. We pride ourselves in a deep understanding of market-based inventory strategies, credit management, tariff impacts, sales tax intricacies and more.

## NAVIGATE **TAX LAWS**

Whether you're selling to resellers or retailers, delivering with drop shipping or freight, a keen understanding of the tax landscape can give you the advantage when filing. At Harper Pearson, we can guide you through the ever-changing regulations to best position your company for success.

## STRATEGIC **CONSULTING**

Important details pertaining to when and how you buy or sell inventory can carry a large significance on the balance sheet. At Harper Pearson, our team of professionals can deploy an arsenal of industry-specific strategies in order to help you streamline and optimize your financial position.

## PERFORM **AUDITS**

When it comes to understanding your finances, quality and timely audits can be mission-critical for your organization. The professionals at Harper Pearson test information in order to verify revenue streams and bring your financial situation into perspective.

## OUTSOURCED **ACCOUNTING**

Outsourcing your company's accounting function can keep you on focus and on budget. At Harper Pearson we provide a variety of outsourcing options where an experienced team with a deep knowledge in wholesale and distribution can provide professional support for a wide range of needs.
